PRESENTATION

Founded by Prince Rainier III in 1953 and presided by HSH Prince Albert II since 1984, Yacht Club de Monaco is an exclusive private club which unites 2,500 members from 80 nationalities.

In accordance with its statutes, this private club differs from others in that it also has a public service remit.

Not only does it play a key role in bringing life to the harbour, and as a catalyst for all yachting related activities in Monaco, YCM contributes to promoting the Principality and its influence abroad. At the instigation of its President HSH Prince Albert II, it pursues a dynamic environmental policy.

The Yacht Club de Monaco is often solicited by new destinations wishing to benefit from its expertise and holistic vision of yachting.

Its commitments and the values it upholds have made it one of the most respected and influential yacht clubs in the world, as well as being an undisputed major architect of the Monaco Capital of Yachting project launched in 2012. This approach to further boost the Principality's appeal consolidates its status as a unique place and centre of excellence

in this sector and became recently "Monaco, Capital of Advanced Yachting".

By calling on the skills of many professionals and stakeholders that make up the industry, Monaco has an essential role to play in the development of Luxury Yachting. Being at the forefront of major changes and innovations driving the sector, Monaco is providing concrete, tangible responses to environmental issues that need to be addressed.

ARRIVING AT THE YCM

This guide contains information to help you during your visit to the Yacht Club de Monaco. The Yacht Club de Monaco welcomes owners and students and hopes you will feel at home in our Club.

LA BELLE CLASSE ACADEMY - PRESENTATION

Open to anyone involved in yachting (captains, managers and other professionals), crew members and future owners, the Yacht Club de Monaco's training centre alternates navigation and pleasure boat courses, with the aim being to support the young generation.

With its La Belle Classe Academy, the YCM aims to encourage development and promotion of yachting professions. A commitment to build the future!
